## About This Game

### About

Join Luka Sanguis, a college student unwittingly married to a Goddess, as he uncovers the mysteries of the world around him in this slice of life/comedy visual novel.

### Story

The universe of Gaea is in a state of perpetual peace as time flows by without any intervening cause, until the world's creator and goddess, Myra Orbis, decides to vacate her position in Elysium to enter the human world.

It is modern day in our world, in a time not too distant from ours. Luka Sanguis, a traumatized, anti-social college student has his life turned upside down when a mysterious girl with glistening white hair appears in his room, claiming to be his wife.

Between hunting Daemons by night and dealing with the struggles of personal life by day, Luka must now deal with another trouble - tangling with God herself.
